## HORIZON CRUISE

The Horizon 1 was designed in such a manner that allows us to provide for such functions as dinner-cruises, cocktail-cruises etc; for large or small special-interest, convention or incentive groups and we would welcome your enquiries. A unique day-long journey on The River of Kings provides a total experience of our present and our past.

Cruising the fascinating Chao Phraya River, in the modern and relaxing comfort of the Horizon 1, allows you to witness and experience a way of life that has existed since time immemorial. As you journey along this waterway of our history, which leads from the present to our ancient past, you will enjoy the contrasts of the ever-changing scenes of modern commerce and tranquil rural life, of modern architecture and the traditional, such as the incomparable Grand Palace and the Temple of Dawn, surely the most famous landmarks in all of Asia.

You will visit Ayutthaya, the former capital of Siam, and marvel at the awesome and impressive ruins of a city which, at the time of its destruction by the Burmese in 1767 and with a population exceeding over one million, was larger than any contemporary European capital.

Even in its ruins this city still evokes a sense of the greatness that existed at that time.

You will also visit Bang Pa-In, a former Royal Palace, which was founded in the 17th century and where you will see a charming mixture of Thai, Italian, Victorian, English and Chinese architecture, which together give the impression of some mythical land surrounded by botanical gardens of rare tropical trees and flowers.
